

DELAWARE CITY SCHOOLS

PARENTAL/GUARDIAN NOTIFICATION

If your child will be taking medication during the school year, please have the form on the back of this letter completed and returned to your child's school by the first day of school.

The Ohio Revised Code and the School District Policy do not permit the administration of medication until receipt of the *Authorization for Administration Form* is complete and signed by the parent and/or the physician.

Please remember that all medication must be in a pharmacy labeled bottle or the original container (non-prescription medication).
